Which begs the question:

Where the hell is Congress?!

How can this possibly be, except by highly purposeful design?

That virtually the entire Congress is completely AWOL throughout the duration of this obviously long-planned and efficiently executed depopulation of the United States is as damning as it is demanding a swift and severe response from *We the People*.

That the exceedingly weaponized Covid jabs are still be pushed by the Big Pharma-contr CDC, FDA, NIH and HHS provides a prima facie case against the U.S. Federal Government;

and especially against Congress for their willful inaction/negligence as well as many reprehensible acts of outright criminal collusion.

In other word, the U.S. Congress since 2020 has proven itself to be nothing but a mass murdering co-conspirator stealthily operating within a much larger and highly complex international crime syndicate aiming to collapse the American Republic. Congress has particularly proven itself to be an integral collaborator in the weaponized Covid injection cover-up.

“There’s really only one response to this continuing state of affairs: Each guilty party must be prosecuted to the fullest extent of the law, before being HANGED LIVE ON THE INTERNET, as a deterrent to future genocides.”

Excess Deaths and Depopulation: Shall We Sit Around in Our Insouciance and Permit This to Happen?

Introductory Note

Excess deaths – why is this not discussed in mainstream media? Why is this not top agenda in the Congress or Parliament?

*The compilation of relevant Global Research articles focusing on **several underlying causes of excess deaths** was first published by [Dr. Paul Craig Roberts](#).*

Short Excerpts of these articles were then prepared by Global Research, followed by the video production of John Campbell.

1. 5G Danger: 13 Reasons 5G Wireless Technology Will Be a Catastrophe for Humanity, see [this](#).

The 5G danger can't be overstated.

5G (5th Generation) is now being actively rolled out in many cities around the world. Simultaneously, as awareness over its horrific health and privacy impacts is rising, many places are issuing moratoriums on it or banning it, such as the entire nation of Belgium, the canton of Vaud (Switzerland) and San Francisco (USA). Radiofrequency radiation (RF or RFR) and electromagnetic fields (EMF) are being increasingly recognized as new types of pollution – environmental pollution. **Here are 13 reasons exposing the 5G danger, which could turn into an unmitigated health and privacy catastrophe if enough people don't rise up to stop it.**

2. Depopulation: The New York Times Predicts Massive Population Reduction, see [this](#).

"Fewer babies' cries.

More abandoned homes.

Toward the middle of this century, as deaths start to exceed births, changes will come that are hard to fathom."

Long Slide Looms for World Population, With Sweeping Ramifications

Fewer babies' cries. More abandoned homes. Toward the middle of this century, as deaths start to exceed births, changes will come that are hard to fathom.

Screenshot of the NYT article

"All over the world, countries are confronting population stagnation and a fertility bust, a dizzying reversal unmatched in recorded history that will make first-birthday parties a rarer sight than funerals, and empty homes a common eyesore."

And it continues,

"Maternity wards are already shutting down in Italy. Ghost cities are appearing in northeastern China. Universities in South Korea can't find enough students, and in Germany, hundreds of thousands of properties have been razed, with the land turned into parks."

Is it all true? It remains to be verified. Omission?

At no time does the article mention the eugenist nature of deliberate population reduction, in connection with the covid plandemic, the coerced and by many accounts poisonous – vaccination campaign, with a non-vaccine, but instead a novel, totally untested mRNA-type "gene therapy" which the US CDC has allowed to be applied as an "emergency measure" in these dire circumstances of a pandemic, that actually lacks all characteristics of a pandemic, but has to be pumped up to make it appear as a pandemic – with literally almost all deaths appearing from whatever causes – even car accidents – can be – and "must" be categorized as covid deaths.

3. Bill Gates Plans for New Catastrophic Contagion, see [this](#).

"October 23, 2022, Gates, Johns Hopkins and the World Health Organization cohosted "a global challenge exercise" dubbed "Catastrophic Contagion,"^{3,4} **involving a novel (and as now fictional) pathogen called "severe epidemic enterovirus respiratory syndrome 2025 – SEERS-25 for short.**

Enterovirus D68⁵ is typically associated with cold and flu-like illness in infants, children and teens. In rare cases, it's also been known to cause viral meningitis and acute flaccid myelitis, a neurological condition resulting in muscle weakness and loss of reflexes in one or more extremities.

Enteroviruses A71 and A6 are known to cause hand, foot and mouth disease,⁶ while poliovirus, the prototypical enterovirus, causes polio (poliomyelitis), a potentially life-threatening type of paralysis that primarily affects children under age 5. So, the virus they modeled in this simulation appears to be something similar to enterovirus D68, but worse.

Training African Leaders to Go Along With the Narrative

Tellingly, the Catastrophic Contagion exercise focused on getting leadership in African countries involved and trained in following the script. Participants included 10 current and former Health Ministers and senior public health officials from Senegal, Rwanda, Nigeria, Angola, Liberia, Singapore, India and Germany, as well as Gates himself."

4. Israel's Expertise in Pacifying the Palestinians Is in High Demand by Capitalist Elites as Populations Around the World Grow Restive, see [this](#).

"As the world watches in horror Israel's military assault on the people of Gaza, people are left to wonder why world leaders are not doing more to censure Israel and are allowing Israel to get away with mass killing.

Jeff Halper, an American-Israeli anthropologist who has written numerous books on Israeli history, has a clear answer.

He says that leaders of countries around the world are feeling more insecure as wealth is increasingly concentrated in the hands of a tiny capitalist elite and popular disaffection and the threat of rebellion grows.

Israel is revered precisely for its mastery of population-control techniques against the Palestinians, which many leaders want to emulate against dissident or minority groups within their own borders.

Part of Israel's ace in the hole, according to Halper, is its development of a formidable weapons industry that allows it to supply high-tech weapons to countries around the world for the purpose of population control.

Israel is at the cutting edge in the development of surveillance satellites, weaponized and surveillance drones, Artificial Intelligence (AI) target identification systems, spyware gadgets and crowd control and cyberwarfare technologies, which it sells around the world.”

5. The WHO Plans to Have 10 Years of Pandemics (2020-2030), see [this](#).

“THE PLAN shows the official agenda of the World Health Organization to have ten years of ongoing pandemics, from 2020 to 2030.

This is revealed by a WHO virologist, Marion Koopmans. You will also see shocking evidence that the first pandemic was planned and abundantly announced right before it happened.
